

EARLY YEARS NEWSLETTER

Broughton Community Schools

Autumn 2 Newsletter

This half term our topic is called: **Animal Safari**. We will be reading a different text each week focusing on animals and encouraging the children to draw and write about their character. The value we are looking at this half term is **Kindness**.

Literacy

This half term we will be focusing on a book a week. We will be exploring the characters of the book and the children will be starting to create their own character and setting the scene. We will be using the phonics that we have learnt to identify the sounds that we need and to begin to build words.

Cornerstones- We will be teaching the children about the animals that live around the world, how to look after animals and their habitats. Our big question to explore over this half term is: **What is a habitat?**

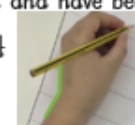

Jigsaw- Our PSHE topic this half term is **Celebrating Differences**. We will be talking about what makes the children unique and celebrating this as a class. We will be reading books about kindness, solving problems, everyone being different and caring for others.

Please can you name all **jumper and coats**. It is becoming very difficult to pair children up with their belongings at the end of the day- as they are not named. When the colder weather starts please try and name gloves/ hats and scarves.

Please keep reading records and books the book bags so we can read with your child at school.

Handwriting

We have been practising our letter formation in the classroom this half term and have been focusing on holding our pencil correctly. We make sure that our letters all start from the correct starting point, at the top of the paper. Please can you keep practising writing your child's name at home.

Maths

We will be starting the Power Maths scheme alongside Maths Mastery. In Power Maths we will be recognising, representing and manipulating numbers to 5 and 10.

Reading

Your child has now completed their first phonics assessment. This means some children may go home with a book with words in- if they are ready and are blending independently with the sounds that we have learnt. Please can you continue to read your **school reading books 5 times a week at home**. Updated information: During Autumn term, when you read to your child and log it, this will now be counted towards the reading certificate. In the Spring term, we will only count what your child has read independently.

OUR LEARNING...

Focus on team work- We have been focusing on being a part of a team and working together to play and tidy. We are becoming independent in changing and organising ourselves.

Seasons- We have been exploring the change of seasons.

Using 5's frames to look at numbers to 5

Dates

- 3/11/26 Back to school
- 4/11/26 Phonics workshop 2:00pm
- 16/11/26 Antibullying week
- 18/11/16 Open class
- 20/11/26 Children in need (info to follow)
- 2/12/26 Zoolab
- 1/12/26 Phunky Foods Visit
- 2/12/26 Open Class
- 10/12/26 Christmas Lunch
- 15/12/26 Reception Christmas Performance 2pm
- 18/12/26 Break up for Christmas

Hippo Class –

Mrs Gibbon and Mrs Legg

Thank you for your support!

OVERVIEW:

This project teaches the children about the animals that live around our world, how to look after animals and their habitats.

Books you could explore in your local library:

All around the world

You could:

- Look at models of the earth on the internet
- Look at where you live on a map
- Look at different habitats including oceans, woodlands, ponds and gardens

ANIMAL SAFARI

Here are some activities you could do around our topic.

Create your own passport

Research a country you want to visit and why. Can you create your own passport to play a roleplay game about visiting your destination?

Create your own habitat

Can you go on a walk and collect different materials to make a habitat for a minibeast or garden animal? Take a picture and email it to us.

Discussion time:

Can you name some different foods around the world?

You could research different recipes and have a go at making them.

Such as:

- Curry
- Croissant
- Egg fried rice

Websites you could explore:

The CBeebies show 'Where in the World'. There are lots of small clips that show children's lives around the world -

<https://www.bbc.co.uk/cbeebies/shows/where-in-the-world>

Use Google Earth to explore local areas - <https://earth.google.com/web/>
